

Since your loved one might forget when his or her medication was taken, take too much medicine, or not take needed medicine at all, it is important to manage the medications to ensure the health and safety of the individual.

10. Medication Management

AUTOMATIC MEDICATION DISPENSER

by The Alzheimer's Store
\$130–\$140

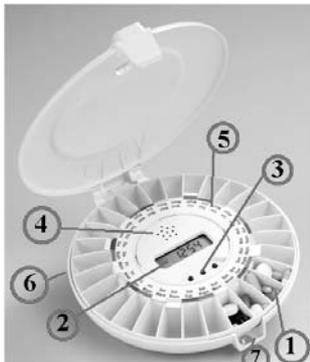

This medications dispenser holds up to 28 doses and tells your loved one exactly what medications to take and when to take them. The dispenser is easy to load, easy to use, and it's lockable, so no chance of mistake or double-dosing.

Product Features:

- Timer rotates carousel to provide access to next dose
- Automatic reminder signal
- The medication dispenser is lockable, so no chance of double-dosing (two keys included)
- Holds up to four doses per day for seven days
- Comes with plug-in adapter

Available from The Alzheimer's Store.

ELECTRONIC PILL DISPENSER AND REMINDER

by American Medical Alert Corp.

\$235–\$250

The Med-time automatic medication dispenser/pill organizer/pill box and reminder system is a device that helps ensure that the correct medications are taken in the right doses and on time for up to a month. When an alarm sounds, the pills that should be taken will automatically rotate into position. Just lift up device and tilt to make the pills fall into your hand. All other medicine is inaccessible.

1. **Medicine tray**
2. **Alarm clock**
3. **Programming keys**
4. **Alarm buzzer**
5. **Information window**
6. **Tooth-wheel and battery-powered motor**
7. **Lock with key. (Two keys are included.)**

To set up, load pills into the medication tray and set the alarm clock to program up to 4 alarms per day

Available from e-pill.

BEEP 'N TELL MEDICATION REMINDER

by e-pill
\$50 each or 3 for \$100

The reminder cap contains an alarm that beeps loudly when it's time to take the medication and resets when the cap is replaced. The vial's base has a voice chip that allows you or a loved one to record a message about the prescription.

Available from e-pill.

MEDOSE VIBRATING WRISTWATCH

by Roland
\$100–\$110

The MeDose is a nicely designed medication reminder watch that looks like a normal sports watch.

- Multi-Alarm (up to 6 alarms per day)
- Vibration or Sound Alarm
- Count Down/Up Timer and Chronograph
- Auto Calendar
- Back Light—EASY to READ display
- Black/Silver with Black leather strap

Available from e-pill.

PILL CONTAINERS/REMINDERS

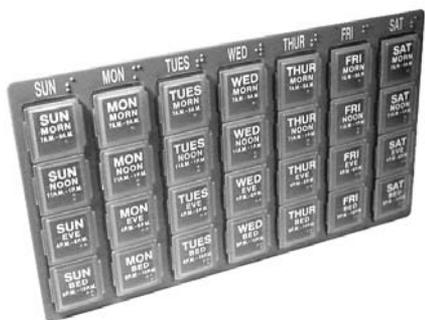

7-Day Vitamin/ Medication Container Small Pill Reminder by Walgreens **\$1-\$3**

This compact medication container is designed to organize a one-week supply of medicine. It is divided into 7 large individual compartments.

- Prevents dosage duplication
- Flip up covers are marked in braille

Available at Walgreens.

One-Day-at-a-Time Pill Reminders

by Walgreens

\$7–\$10

- The One-Day-At-A-Time Weekly Medication Organizer Tray contains 7 individual 1-Day Pill Reminders and a unique “snap-in” storage tray
- The design allows you to fill a week’s medication at one time and offers the convenience of taking one day’s medication with you
- Carry removable compartments in pockets or purse
- Each pill reminder is printed with the day of the week and the time of the day on each compartment

Available at Walgreens.
